**INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and Members  
of the Borough Council  
Borough of Princeton  
County of Mercer  
Princeton, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Borough of Princeton (the "Borough"), as of December 31, 2011 and 2010, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2011. These financial statements are the responsibility of the Borough's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described more fully in Note 1, the Borough prepares its financial statements on a regulatory basis of accounting prescribed by the Division, as required by state statute, that demonstrates compliance with a modified accrual basis of accounting, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Further in our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough as of December 31, 2011 and 2010, the changes in financial position, or, where applicable, its cash flows for the years then ended. Further, the Borough has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Borough, as of December 31, 2011 and 2010 and the results of operations and changes in fund balance - regulatory basis of such funds for the years then ended and the statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2011 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2012, on our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements of the Borough as a whole. The accompanying supplementary schedules and the comments and recommendations section are presented for purposes of additional analysis and are not a required part of the financial statements, but is required by the Division. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

**BOROUGH OF PRINCETON - COUNTY OF MERCER**

**NOTES TO FINANCIAL STATEMENTS**

**YEAR ENDED DECEMBER 31, 2011**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The financial statements of the Borough of Princeton, County of Mercer, New Jersey (the "Borough"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Borough as required by N.J.S. 40A:5-5. The financial statements of the Borough do not include the operations of the Board of Education, first aid organization or volunteer fire companies which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") Statement 14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Borough, by statute or other directive, report separately on their financial statements. The Borough had no component units in 2011.

**B. Descriptions of Funds**

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles.

The accounting policies of the Borough conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differs from the fund structure required by generally accepted accounting principles ("GAAP"):

**Current Fund** - revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

**Animal Control Trust Fund** - animal control license revenues and expenditures.

**Other Trust Fund** - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

**General Capital Fund** - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Description of Funds (Continued)**

**Affordable Housing Utility Operating Fund** - revenues and expenditures necessary to operate a municipally-owned affordable housing utility.

**Affordable Housing Utility Capital Fund** - resources, including federal and state grants in aid of construction, and expenditures for the acquisition of affordable housing capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

**Assessment Trust Fund** - used to account for the financing of local improvements deemed to benefit the properties against which assessments are levied.

**Parking Utility Operating Fund** - revenues and expenditures necessary to operate a municipally-owned parking utility from user fees.

**Parking Utility Capital Fund** - resources, including federal and state grants in aid of construction, and expenditures for the acquisition of parking utility capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

**Public Assistance Trust Fund** - receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

**Payroll Fund** - receipt and disbursement for payroll costs and payroll taxes.

**General Fixed Assets Account Group** - used to account for fixed assets used in general government operations.

**C. Basis of Accounting**

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified cash basis of accounting is followed with minor exceptions.

**Property Taxes and Other Revenues** - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

**Grant Revenues** - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

## **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

### **C. Basis of Accounting (Continued)**

**Expenditures** - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

**Encumbrances** - contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

**Appropriation Reserves** - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**Deferred Charges** - the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2011 is set forth in Note 9.

**Compensated Absences** - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount which would normally be liquidated with expendable available financial resources be recorded as an expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation. The expenditures in the Water Utility Operating Fund would be on a full accrual basis. The compensated absence liability at December 31, 2011 is set forth in Note 4.

**Property Acquired for Taxes** - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded at its market value.

**Sale of Municipal Assets** - Cash proceeds from the sale of Borough owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

**Interfunds** - advances in the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Basis of Accounting (Continued)**

**Inventories of Supplies** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

**General Fixed Assets** - In accordance with the New Jersey Administrative Code the Borough is in the process of developing a perpetual fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Depreciation is not recorded in the General Fixed Assets Account Group.

GAAP does not require utilization of a general fixed asset account group.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Expenditures for construction in progress are required to be recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

**Utility Fixed Assets** - Accounting for utility funds "fixed capital" remains unchanged.

Property and equipment purchased by the Affordable Housing and Parking Utility Funds are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements.

Property and equipment of the Affordable Housing and Parking Utility Funds are not depreciated. Principal payments for utility debt are recorded as expenditures in the Affordable Housing and Parking Utility Operating Funds.

**D. Financial Statements**

The GASB Codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Borough presents its financial statements in accordance with another comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

**E. Budgets and Budgetary Accounting**

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division in accordance with applicable statutes.

**NOTE 2. CASH AND CASH EQUIVALENTS****A. Deposits**

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

**NOTE 2.     CASH AND CASH EQUIVALENTS (CONTINUED)**

**A.     Deposits (Continued)**

The market value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

At year-end the carrying amount of the Borough's deposits was \$21,241,906 and the bank balance amount was \$21,030,086. Of this amount \$750,000 was covered by federal depository insurance, \$1,074,186 was in the State of New Jersey's Cash Management Fund and a collateral pool under New Jersey's Governmental Unit Deposit Protection Act covered the remaining \$19,205,900.

Collateralization of Fund investments is generally not required. "Other Than State" participants contribute up to one twentieth of one percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State" participants in gains on investment transactions realized. The Reserve Fund is available to cover losses of "Other Than State" participants occasioned by the bankruptcy of an issuer of an investment held by the Fund and losses on sales of securities.

At year-end, the carrying value of the Borough's investment and the investment balance was \$1,074,186 all of which is on deposit in the aforementioned New Jersey Cash Management Fund.

The plan shall be approved annually by majority vote of the governing body and may be modified from time to time in order to reflect changes in federal or state law or regulations. The chief financial officer shall be charged with administering the plan.

When an investment in bonds maturing in more than one year is authorized, the maturity of those bonds shall approximate the prospective use of the funds invested.

The plan also requires a monthly report to the governing body summarizing all investments made or redeemed since the previous report and shall include, at a minimum, the specific detailed information as set forth in the statute.

State law limits investments as noted above.

During the year, the Borough had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Borough.

**NOTE 3. DEBT**

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

**NOTE 4. ACCRUED SICK AND VACATION BENEFITS**

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Borough's liability related to unused vacation and sick pay. The Borough permits certain employees within limits to accumulate unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The estimated current cost of such unpaid compensation approximates \$792,925 and \$827,800 at December 31, 2011 and 2010, respectively. A reserve is maintained in the Other Trust Fund and has a balance of \$61,761 at December 31, 2011. In accordance with New Jersey accounting principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

**NOTE 5. FUND BALANCES APPROPRIATED**

The fund balances at December 31, 2011 which are appropriated and included as anticipated revenue anticipated in the budget for the year ending December 31, 2012 are as follows:

Current Fund	\$ 800,000
Parking Utility	111,037

**NOTE 6. TAXES COLLECTED IN ADVANCE**

Taxes collected in advance set forth as cash liabilities in the financial statements, are as follows:

	<u>Balance December 31</u>	
	<u>2011</u>	<u>2010</u>
Prepaid Taxes	\$ 364,221	\$ 304,893

**NOTE 7.      ASSESSMENT AND COLLECTION OF PROPERTY TAXES**

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the "Board") by January 10 of the following year. Upon the filing of certified adopted budgets by the Borough, Regional School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector (the "Collector") on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Borough annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

**NOTE 8.      DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED**

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

**NOTE 9.      DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS**

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2011, the following deferred charge is shown on the balance sheet of the Current Fund:

	<u>Balance Dec. 31, 2011</u>	<u>2012 Budget Appropriation</u>	<u>Balance to Succeeding Budgets</u>

Special Emergency Authorizations (N.J.S. 40A:4-55)			
Revaluation	\$ <u>123,204</u>	\$ <u>61,602</u>	\$ <u>61,602</u>

**NOTE 10. PENSION PLANS**

The Borough contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. These plans provide retirement, disability, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. Each plan has a Board of Trustees that implement benefit provisions which are established and amended by State statute. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey  
Division of Pensions and Benefits  
P.O. Box 295  
Trenton, New Jersey 08625-0295

The contribution requirements of plan members are determined by State statute. Plan members enrolled in the PERS are required to contribute 5.5% of their annual covered salary. Plan members enrolled in the PFRS are required to contribute 8.5% of their annual covered salary. Pursuant to Ch. 78, P.L. 2011 and effective October 1, 2011, the employee pension contribution rates were adjusted as follows:

- PERS members from 5.5% to 6.5% of their annual covered salary, with an additional increase to be phased in over the next 7 years bringing the total pension contribution rate to 7.5% of annual covered salary.
- PFRS members from 8.5% to 10% of their annual covered salary.

In addition, Cost of Living Adjustments (COLA) are suspended for all current and future retirees of all retirement systems. The Borough's contributions to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
2011	\$ 598,362	\$ 885,261
2010	503,884	738,289
2009	415,805	718,611

**NOTE 11. OTHER POST-EMPLOYMENT BENEFITS****Plan Description**

The Borough contributes to the State Health Benefits Program ("SHBP"), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

## **NOTE 11. OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)**

### **Plan Description (Continued)**

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2004, the Borough authorized participation in the SHBP's post-retirement benefit program through Resolution Number 2004-894. The Borough adopted the provisions of Chapter 88, P.L. 1974 that provides medical benefits to any employee who has over 25 years of pension service credit.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

### **Funding Policy**

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis.

The Borough contributions to SHBP for the years ended December 31, 2011, 2010 and 2009 were \$447,855, \$390,892, and \$367,088, respectively, which equaled the required contributions for each year. There were approximately 33, 31, and 32 retired participants eligible at December 31, 2011, 2010 and 2009, respectively.

## **NOTE 12. RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough is a member of the Mid-Jersey Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance programs for municipalities within the state. The Borough pays an actuarially determined annual assessment to Mid-Jersey Joint Insurance Fund for its insurance coverage and that of the Municipal Excess Liability Fund. Supplemental assessments may be levied to supplement the funds. The Borough has not been notified on any supplemental assessments.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

## **NOTE 13. CONTINGENT LIABILITIES**

### **State and Federal Financial Assistance**

The Borough receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2011, the Borough estimates that no material liabilities will result from such audits.

### **Major Tax Assessments**

Taxpayers in 2011 with assessments in excess of 1% of the total assessed valuation were as follows:

<b><u>Owner</u></b>	<b><u>Assessed Value</u></b>	<b><u>% of Value</u></b>
Trustees of Princeton University	\$ 167,793,300	7.64%
Palmer Residences 1 LLC	44,155,000	2.01%
Palmer Sq Ltd. Properties	35,484,500	1.62%
PSN Partners	29,669,100	1.35%
Nassau Inn Ltd. Partnership	26,000,000	1.18%

### **Pending Litigation**

There are actions which have been instituted against the Borough which are either in the discovery stage or whose final outcome cannot be determined at the present time. In the opinion of the administration, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Borough.

It is the opinion of the Borough officials that there is no litigation threatened or pending that would materially affect the financial position of the Borough or adversely affect the Borough's ability to levy, collect and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

The Borough officials believe that negligence and other types of liability suits, of which the Borough is aware, appear to be within the stated policy limits and would be deferred by the respective carriers.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**  
**AND ON COMPLIANCE AND OTHER MATTERS BASED ON**  
**AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN**  
**ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members  
of the Borough Council  
Borough of Princeton  
County of Mercer  
Princeton, New Jersey

We have audited the financial statements of the Borough of Princeton (the "Borough"), as of and for the year ended December 31, 2011, and have issued our report thereon dated December 13, 2012. Our report disclosed that, as described in Note 1 to the regulatory basis financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in accordance with audit requirements prescribed by the Division.

**Internal Control Over Financial Reporting**

Management of the Borough is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

### **Internal Control Over Financial Reporting (Continued)**

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division. We noted certain matters that we reported to management of the Borough in a separate letter dated December 13, 2012.

This report is intended solely for the information and use of the management, the Borough Council, others within the entity, the Division, and federal and/or state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**PART IV**

**GENERAL COMMENTS AND RECOMMENDATIONS**

**YEAR ENDED DECEMBER 31, 2011**

An audit of the financial accounts and transactions of the Borough of Princeton, in the County of Mercer, for the year ended December 31, 2011, has recently been completed. The results of the audit are herewith set forth.

### **SCOPE OF AUDIT**

The audit covered the financial transactions of the Chief Financial Officer, Tax Collector, the activities of the Mayor and Borough Council, and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the governing body.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

The accrued and realized revenues for the various Borough Departments as shown on the Statement of Revenues and Schedule of Revenue Accounts Receivable are presented as recorded in the Borough records.

### **GENERAL COMMENTS**

#### **Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4a**

N.J.S. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law." The amount set forth pursuant to the above statute was \$17,500 for municipalities without a qualified purchasing agent (QPA) and \$36,000 with a qualified purchasing agent. In 2011, it was noted that the Division of Local Government Services adopted a temporary rule that permits municipalities to increase their bid threshold to \$26,000 for a person meeting certain eligibility requirements for the future anticipated QPA certification exam. The Borough's bid threshold was \$26,000 for the year under audit.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the above statutory limitation within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

### **Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4a (Continued)**

The compliance review of expenditures did not reveal any individual payments or contracts in excess of the statutory limit other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-4.

### **Contracts or Agreements not Required to be Advertised per N.J.S. 40A:11-6.1**

N.J.S. 40A:11-6.1 states "For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount... the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable."

We conducted a compliance review of the procedures and policies for securing quotations for purchases referred to above which indicated that the procedures were implemented to ensure statutory compliance and that quotes had been solicited as required by the statute.

### **Collection of Interest on Delinquent Taxes and Assessments**

N.J.S. 54:4-67, as amended, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on March 27, 1980 adopted a resolution, pursuant to the provisions of R.S. 54:4-67, fixing the interest rate on delinquent taxes or assessments at 8% per annum on the first \$1,500 of the delinquency and 18% per annum to be charged on any amount in excess of \$1,500. In addition, any delinquent taxes outstanding related to a previous calendar year in excess of \$10,000 incurs a 6% surcharge.

It appears from an examination of the collector's records that interest was generally collected in accordance with the foregoing resolution.

### **Delinquent Taxes and Tax Title Liens**

The last tax and utility lien sale was held on December 13, 2011 and was complete.

Inspection of tax sale certificates on file revealed that all certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2011	1
2010	1
2009	1

### **Verification of Delinquent Taxes**

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<b><u>Type</u></b>	<b><u>Number Mailed</u></b>
Delinquent Taxes	10

For those confirmation notices which were not returned by taxpayers, we examined subsequent cash collections as an alternative procedure where possible.

### **Public Assistance**

The Director of Public Assistance maintains a petty cash bank account used for all General Assistance disbursements.

A separate Public Assistance Trust bank account was maintained by the Borough Treasurer, into which receipts were deposited. Disbursements were made from this account to reimburse the Petty Cash bank account.

An audit of the Public Assistance Fund was performed and the required report was filed with the Department of Human Services, Division of Family Development.

### **Miscellaneous**

All sums of outstanding checks, reflected in cash reconciliations herein, are in agreement with the records of the Treasurer, as well as with independent lists made part of this audit.

A report summarizing collections of Animal License Fees and remittances of State Registration Fees has been prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

A statutory report on the operations of the Municipal Court has been prepared and copies filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Borough Clerk.

Individual payments of the Regional School District Tax by the municipality were confirmed as received by the Secretary of the Board of Education for the year 2011.

In our verification of expenditures, no attempt was made to establish proof of rendition, character or extent of services nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

The propriety of deductions from individual employee salaries for pensions, withholding tax, social security and other purposes was not verified as part of this examination. Remittances to authorized agencies, however, were ascertained.

A summary or synopsis of this report was prepared for publication and filed with the Borough Clerk.

## **FOLLOW-UP OF PRIOR YEAR FINDINGS**

In accordance with Government Auditing Standards our procedures included a review of all prior year findings. There were no prior year findings that needed to be addressed in 2011.

## **FINDINGS/RECOMMENDATIONS**

None
