INTRODUCTORY SECTION

400 WITHERSPOON STREET PRINCETON, NJ 08540-3496

KATHRYN MONZO

CHIEF FINANCIAL OFFICER

OFFICE OF FINANCE AND PURCHASING (609) 924-9183 FAX (609) 688-2033

The Honorable Mayor and Township Committee Township of Princeton 400 Witherspoon Street Princeton, New Jersey 08540

The Comprehensive Annual Financial Report of the Township of Princeton for the year ended December 31, 2010 is hereby submitted as mandated by state statute. New Jersey State statues require that Princeton Township annually issue a report on its financial position and activity and that this report be audited by an independent Registered Municipal Accountant. The responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of Princeton Township. To the best of our knowledge and belief, the enclosed data is accurate in all material respects. All disclosures necessary to enable the reader to gain an understanding of the Township of Princeton's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four (4) sections: introductory, financial, statistical, and general comments and recommendations. The introductory section, which is unaudited, includes this letter of transmittal. The financial section includes general purpose financial statements and individual fund and account group financial statements and schedules, as well as the independent auditor's report on these financial statements and schedules. The statistical section, which is unaudited, includes selected financial and demographic information.

General Information

Princeton Township ("the Township"), incorporated in 1838, is a suburban community with a population of 16,027 (2000 census) covering an area of 16.5 square miles in the heart of central New Jersey. It surrounds the 1.85 square mile area of the

Borough of Princeton and is bounded on the southeast by West Windsor Township, on the southwest by Lawrence Township, on the northwest by Hopewell Township, on the north by Montgomery Township (Somerset County), on the northeast by Franklin Township (Somerset county) and South Brunswick Township (Middlesex County) and on the east by Plainsboro Township (Middlesex County).

While no major travel arteries directly touch the Township, it is dissected by United States Highway route No. 206 and has ready access to United States Highway route No. 1, Interstate Highway Routes I-95, I-295, and I-195, the New Jersey Turnpike, and the Garden State Parkway and Amtrak and New Jersey Transit which provide direct rail service to Philadelphia and New York City as well as the rest of the northeast corridor. This area, known as the route 1 corridor, is one of the fastest growing parts of the state.

In general, the Township is an open, semi-wooded community of substantial homes and is an example of sound suburban development. There is no heavy industry in the Township nor will any be permitted under present or reasonably foreseeable land use regulations.

Planning Board

In 1970, the planning boards of the Township and the Borough of Princeton were merged to form the Regional Planning Board of Princeton. The action was taken to recognize the fact that each municipality has a joint and common interest in a master plan for the development of the region and to formalize and to strengthen their cooperative endeavors in municipal planning. After a thorough review of the existing master plans of the Township and the Borough of Princeton, a single comprehensive Master Plan for the Princeton Community was developed and adopted by the Regional Planning Board in 1980. The Master Plan includes elements on land use, housing, circulation, utility, service, community facilities, open space and recreation and conservation. Since May, 1980, both the Township and the Borough of Princeton have implemented the Master Plan in part by passage of appropriate ordinances. A new Master Plan was adopted on December 12, 1996. The Master Plan is constantly undergoing revision, with the latest revision being adopted on December 4, 2008 which included an update to the housing element and Fair Share plan.

Open Space

On November 4, 1997, Township voters approved the establishment of a Municipal Open Space Tax. The Open Space Tax was levied at the rate of \$.01 per \$100.00 of assessed value of real property located in the Township. In the year 2000 the voters approved an increase in the Open Space Tax Rate to a rate of \$.02 per \$100 of assessed value of real property, effective in 2001.

The levy so raised may be spent for the following purposes:

- (a) Acquisition of lands for recreation and conservation purposes;
- (b) Development of lands acquired for recreation and conservation purposes
- (c) Maintenance of lands acquired for recreation and conservation purposes;
- (d) Acquisition of farmland for farmland preservation purposes;
- (e) Historic preservation of historic properties, structures, facilities, sites, areas, or objects, and the acquisition of such properties, structures, facilities, sites, areas, or objects for historic preservation purposes; or
- (f) Payment of debt service on indebtedness issued or incurred by a municipality for any of the purposes set forth in paragraphs (a), (b), (d), or (e) hereinabove.

Appropriations for the expenditures of Open Space Tax funds may be authorized by the governing body after appropriate public hearings thereon.

The Township has appointed an "Open Space Advisory Committee" to prepare recommendations for the use of the Township's Open Space Tax Funds. The Committee held two public hearings and numerous work sessions to insure that all interested parties were afforded an opportunity to participate in this task. A final report was issued in the year 2000.

Gulick Farm

In 2001 the township authorized the amount of \$2,775,000 for the purchase of a portion of the Gulick Farm. \$138,750 in down payment money was paid from the township's Open Space Fund. In 2002, \$2,600,000 in short-term Bond anticipation Notes were issued. The purchase was completed in April, 2002. It is anticipated that the township will receive grants and loans from the State of New Jersey for this purchase. The proceeds of such grants and loans will be used to pay down the debt service associated with this open space purchase.

As of December 31, 2010 the balance in the Open Space Fund is \$622,001.39.

Princeton Public Library

In 1960 the Township of Princeton and the Borough of Princeton established the Joint Free Public Library of Princeton. In 2001 the two municipalities and the Trustees of the Joint Free Public Library of Princeton entered in to an agreement to build a new library facility on the site of the then existing library in the Borough of Princeton. In 2002 the existing library building was demolished and the library moved into temporary rented space in the Princeton Shopping Center, located in the Township, The financing for the construction of the new library facility is as follows:

Township of Princeton share Borough of Princeton share Total Municipal share	(68%) (32%)	\$4,080,000 _1,920,000	\$6,000,000
Contributions to be raised from a			

Contributions to be raised from a

Private fund raising campaign

Total cost of a new library facility

12,000,000

\$18,000,000

In order to have the finances available to issue contracts for the construction of the new library facility, the municipalities have authorized the appropriation of the total \$18,000,000 in the following amounts:

Township of Princeton share	(68%)	\$12,240,000	
Borough of Princeton share	(32%)	5,760,000	
Total Municipal share			<u>\$18,000,000</u>

As cash contributions are received by the library, the municipal shares authorized will be reduced proportionately.

Interlocal Service Agreements

With the Borough of Princeton:

The Township and the Borough of Princeton have several departments which serve both municipalities. The "host" municipality receives reimbursement from the other municipality for their share of the department's costs.

Host Municipality:

Township of Princeton	Drug Treatment Program (Corner House)
-----------------------	---------------------------------------

Joint Environmental Commission Joint Human Services Commission Joint Regional Planning Board

Joint Recreation Board

Borough of Princeton Small Animal Control

Fire Department (Volunteer)

Fire Facilities

Health

Sewer Operating Committee

Solid Waste

Suzanne Paterson Center (Senior Resource Center)

In addition the two municipalities jointly fund the following:

Princeton Public Library
Princeton First Aid & Rescue Squad

With the Princeton Regional School District:

Joint fueling facility

With mercer County Improvement Authority

Curbside Recycling Program

With Stony Brook Regional Sewerage Authority

Wastewater collection and treatment

Water

The Township does not provide water service. Most properties are serviced by New Jersey American Water Company (formerly know as Elizabethtown Water Company), a private company. Other properties are serviced by private wells.

Sewer

A majority of the Township is serviced by municipal sewers.

The Township is a member of the Stony Brook Regional Sewerage Authority. The Authority was created in 1971 to construct and operate a wastewater collection and treatment system to serve six municipalities in the Stony Brook watershed area of Mercer and Middlesex Counties, New Jersey. The Authority has entered into a service contract with its member municipalities, obligating each participating municipality to the Authority for its proportionate share of the Authority's operating expenses, debt service and required reserve additions to the extent not met by other sources. The other members of the authority are Princeton Borough, Hopewell Borough, Pennington Borough, West Windsor Township, and South Brunswick Township.

Bond Rating

In 2001 the Township requested a review of its bond ratings and met with both Moody's Investors Service and Standard & Poor's with the following results:

	2001
	Rating
Moody's Investors Service	Aaa
Standard & Poor's	AAA

The Aaa rating was reaffirmed again in March, 2006 by both Moody's Investors Service and Standard and Poor's in conjunction with the Township's \$23,775,000 Bond Issue, then again in 2008 with the Township's 8,000,000 Bond Issue, in 2009 General Improvement Refunding Bond issue, and in 2010 two separate refunding issues.

Tax Collection Rate

In 2010 the Township's tax collection rate was 98.81%, and has been above 99% for six consecutive years prior.

Respectfully submitted,

Kathryn Monzo, CMFO/CTC

Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the Township Committee Township of Princeton County of Mercer, New Jersey

We have audited the accompanying combined statement of assets, liabilities, reserves and fund balance – all funds and account group—regulatory basis, the combined statement of revenues, expenses and changes in fund balance — regulatory basis—current and affordable housing utility operating fund, the schedules of assets, liabilities and fund balance — regulatory basis and the related schedules of revenues—regulatory basis and schedules of expenditures—regulatory basis of the various funds of the Township of Princeton, County of Mercer, New Jersey as of December 31, 2010, which collectively comprise the Township's financial statements—regulatory basis, as listed in the table of contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 2, these financial statements-regulatory basis were prepared in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These prescribed principles are designed primarily for determining compliance with legal provisions and budgetary restrictions, and as a means of reporting on the stewardship of public officials with respect to public funds. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

In our opinion, because the prescribed regulatory basis of accounting as described in the preceding paragraph is utilized by the Township of Princeton, County of Mercer, New Jersey for the purpose of financial statement preparation, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Princeton, County of Mercer, New Jersey as of December 31, 2010 or the results of its operations, or cash flows of its proprietary fund type for the years then ended.

However, in our opinion, the financial statements - regulatory basis referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds of the Township of Princeton, County of Mercer, New Jersey as of December 31, 2010 and the results of operations and changes in fund balance - regulatory basis of such funds for the year then ended and the statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2010, on the basis of accounting described in Note 2.

In accordance with Government Auditing Standards, we have also issued a report dated August 2, 2011 on our consideration of the Township of Princeton's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Accounting Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Township of Princeton, County of Mercer, New Jersey financial statements as a The introductory section, fund financial statements, supplemental schedules, supplementary whole. information and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal and state agency awards are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB Circular 04-04 and are not a required part of the financial statements. The fund financial statements, supplemental schedules and supplementary information and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them. TOWNSHIP OF PRINCETON MERCER COUNTY, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS THE YEAR ENDED DECEMBER 31, 2010 and 2009

Note 1: FORM OF GOVERNMENT

Princeton Township, incorporated in 1838, is a suburban community with a population of 16,027 covering an area of 16.5 square miles in the heart of Central Jersey. The governing body is a Committee form of government chartered by the State of New Jersey under N.J.S.A. 40A:63-1. Five Committee members are elected at-large in partisan elections to serve staggered three-year terms. The Mayor is elected by the Committee and serves a one-year term as does the Deputy Mayor. All legislative powers are assigned to the Committee. An Administrator is also empowered by ordinance to serve in an executive capacity and direct the day to day operations of the Township.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of Princeton include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Princeton, as required by N.J.S.A. 40A: 5-5. Accordingly, the financial statements of the Township of Princeton do not include the operations of the municipal library, the board of education, recreation commission, first aid organizations, volunteer fire companies or fire districts.

B. <u>Description of Funds</u>

The accounting policies of the Township of Princeton conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Princeton accounts for its financial transactions through the following separate funds:

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including Federal and State grant funds, except as otherwise noted.

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purposes for which each reserve was created. Pursuant to the provisions of N.J.S.A. 40A: 4-39, the financial transactions of the following funds and accounts are also reported within the Trust Fund:

Assessment Trust Fund
Animal Control Trust Fund
Unemployment Compensation Insurance Trust Fund
Developer's Escrow Fund
Open Space Trust Fund
Payroll & Payroll Agency Fund
Mountain Lakes Nature Preserve Donations
Parking Adjudication Act
Construction Code Fees
Accumulated Absences
Snow Removal Trust Fund

B. <u>Description of Funds (Cont'd.)</u>

<u>General Capital Fund</u> - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

Affordable Housing Utility Fund - resources and expenditures for the construction and sale of affordable housing.

<u>Public Assistance Fund</u> - receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey Statutes.

Governmental Fixed Assets - the Governmental Fixed Asset System is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available or any other reasonable basis, provided such basis is adequately disclosed in the financial statements. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on general fixed assets.

The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. GASB's Codification of Governmental Accounting and Financial Reporting Standards and subsequent GASB pronouncements are recognized as U.S. generally accepted accounting principles (GAAP) for state and local governments. GAAP provides for the issuance of entity-wide financial statements along with the presentation of separate fund financial statements that differ from the organization of funds prescribed under the regulatory basis of accounting utilized by the Township. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the basic financial statement presentation required by GAAP.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

C. Basis of Accounting and Measurement Focus

The basis of accounting as prescribed by the Division of Local Government Services for its operating funds is generally a modified cash basis for revenue recognition and a modified accrual basis for expenditures. The operating funds utilize a "current financial resources" measurement focus. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The most significant is the reporting of entity-wide financial statements, which are not presented in the accounting principles prescribed by the Division. The other more significant differences are as follows:

Revenues – Revenues are recorded as received in cash except for statutory reimbursements and grant funds that are due from other governmental units. State and Federal grants, entitlements and shared revenues received for operating purposes are realized as revenues when anticipated in the Township budget. Receivables for property taxes and affordable housing charges are recorded with offsetting reserves within the Current Fund and Affordable Housing Utility Fund, respectively. Other amounts that are due to the Township, which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable, with the exception of affordable housing charges, which should be recognized in the period they are earned and become measurable.

C. <u>Basis of Accounting and Measurement Focus (Cont'd.)</u>

Expenditures - For purposes of financial reporting, expenditures are recorded as "paid or charged" or "appropriation reserves". Paid or charged refers to the Township "budgetary" basis of accounting. Generally, these expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Reserves for un-liquidated encumbrances at the close of the year are reported as a cash liability. Encumbrances do not constitute expenditures under GAAP. Appropriation reserves refer to unexpended appropriation balances at the close of the year. Appropriation reserves are automatically created and recorded as a cash liability, except for amounts, which may be cancelled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred and not recorded in the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Generally, unexpended balances of budget appropriations are not recorded as expenditures under GAAP. Expenditures for the costs of post-employment benefits other than pensions (other post-employment benefits or "OPEB") are recorded in the accounting period in which the payments are made. GAAP requires recognition of the actuarially determined estimated OPEB cost during the employment period of each employee, during which any OPEB benefit is earned. See Note 9 for OPEB disclosure required by GASB 45.

For the purpose of calculating the results of Current Fund operations, the regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories of over-expenditures and emergency appropriations. Over-expenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Over-expenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the Current Fund balance sheet. GAAP does not permit the deferral of over-expenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

The Local Budget Law (N.J.S.A. 40A:4-1 et seq.) requires that certain operating transfers between funds, transfers of anticipated operating surpluses among the Current Fund and Affordable Housing Utility, transfers from utility operating funds to capital funds (to finance capital projects) and transfers from the Current Fund to the Trust Funds or General Capital Fund are required to be included in the Township's annual budgets as budget appropriations. Expenditures are recorded upon the adoption of the budget for legally required transfers, and upon the determination of availability of funds for any discretionary transfers. Under GAAP, operating transfers are not recognized as expenditures.

New Jersey statutes require municipalities to provide annual funding to Free Public Libraries through the Current Fund Budget. Amounts paid on behalf of the Free Public Library or transferred to the custody of the Library's management are recorded as budgetary expenditures of the Township, notwithstanding the fact that the Library is recognized as a separate entity for financial reporting purposes. Under GAAP, the Library would be recognized, as a "component unit" of the Township, and discrete reporting of the Library's financial position and operating results would be incorporated in the Township's financial statements.

<u>Compensated Absences</u> - The Township records expenditures for payments of earned and unused vacation and sick leave in the accounting period in which the payments are made. GAAP requires that expenditures be recorded in the governmental (Current) fund in an amount that would normally be liquidated with available financial resources, and that expenditures be recorded in the enterprise (Affordable Housing Utility) fund on a full accrual basis.

C. Basis of Accounting and Measurement Focus (Cont'd.)

Other Post Employment Benefits (OPEB) – The Local Finance Board has promulgated rules for minimum financial statement disclosures for OPEB that follow the requirements of GASB Statement No 45. The requirements include: 1) A tracking of the Net OPEB Obligation, including the annual Required Contribution (ARC) less any contributions made; 2) The Actuarial Accrued Liability (AAL), the Unfunded Actuarial Accrued Liability (UAAL), and UAAL as a percentage of current period payrolls for employees eligible to receive benefits upon attaining the requisite age and service requirements; and 3) A summary of the significant actuarial assumptions, including the discount rate used. The Township implemented this new disclosure standard for December 31, 2009. As this reporting standard does not require the recognition of an expenditure and/or liability on the face of the financial statements, the disclosures included in Note 9 do not impact the amounts reported in the accompanying financial statements.

<u>Property Acquired for Taxes</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed asset account group at the lower of cost or fair market value.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the accounting period the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve. Interfund receivables in the other funds are not offset by reserves.

<u>Sale of Municipal Assets</u> - Cash proceeds from the sale of Township owned property may be realized as revenue or reserved until utilized as an item of revenue in a subsequent year budget. Year-end balances of reserved proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of the sales contracts become legally enforceable.

Governmental Fixed Assets - Property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. Contributions in aid of construction are not capitalized. GAAP does not require the establishment of a reserve for amortization for utility fixed assets, but does require the recognition of depreciation of these assets as an operating expense of the utility.

Governmental Fixed Assets – New Jersey Administrative Code 5:30-5.6 established a mandate for fixed asset accounting by municipalities, effective December 31, 1985. All governmental fixed assets acquired by the Township are recorded at cost. The general fixed asset records were updated during fiscal year 2010.

<u>Disclosures About Fair Value of Financial Instruments</u> - The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value.

<u>Cash and cash equivalents and short-term investments</u> - The carrying amount approximates fair value because of the short maturity of those instruments.

C. Basis of Accounting and Measurement Focus (Cont'd.)

<u>Long-term debt</u> - The Township's long-term debt is stated at face value. The debt is not traded and it is not practicable to determine its fair value without incurring excessive cost. Additional information pertinent to the Township's long-term debt is disclosed in Note 3 to the financial statements.

Recent Accounting Standards

GASB issued Statement No. 55, "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments" in March 2009. The objective of the Statement is to incorporate the hierarchy of generally accepted accounting principles (GAAP) for state and local governments into the Governmental Accounting Standard Board's (GASB) authoritative literature.

GASB issued Statement No. 56, "Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards" in March 2009. The objective of this Statement is to incorporate in the Governmental Accounting Standards Board's (GASB) authoritative literature certain accounting and financial reporting guidance presented in the American Institute of Certified Public Accountants Statements on Auditing Standards.

GASB issued Statement No. 57, "OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans" in December 2009. The statement establishes standards for the measurement and financial reporting of actuarially determined information by agent employers with individual-employer OPEB plans that have fewer than 100 total plan members and by the agent multiple-employer OPEB plans in which they participate.

GASB issued Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies" in December 2009. This Statement establishes accounting and financial reporting standards for all governments that have petitioned for relief under Chapter 9 of the U.S. Bankruptcy Code or have been granted relief under the provisions of Chapter 9 including governments that enter into bankruptcy and not expected to emerge as a going concern.

GASB issued Statement No. 59, "Financial Instruments Omnibus" in June 2010. The objective of the Statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice.

GASB issued Statement No. 60, "Accounting and Financial Reporting for Service Concession Arrangements" in November 2010. The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership.

GASB issued Statement No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements" in December 2010. The objective of this Statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, Accounting Research Bulletins of the American Institute of Certified Public Accountants (AICPA) Committee on Accounting Procedure.

The Township does not prepare its financial statements in accordance with generally accepted accounting principles in the United States of America. A statistical section, which incorporates much of the reporting required by GASB 44, accompanies the Township's financial statements. They Township has not adopted the provisions of any of the GASB statements listed above. The effect of the adoption of the GASB standards cannot be determined.

C. Basis of Accounting and Measurement Focus (Cont'd.)

<u>Use of Estimates</u> – The preparation of the financial statements requires management of the Township to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Note 3: DEBT, DEBT SERVICE AND STATUTORY DEBT CONDITION (CONT'D.)

Calculation of "Self-Liquidating Purpose"
Affordable Housing Utility Per N.J.S.A. 40A: 2-45

The calculation of "Self-Liquidating Purpose" for the Affordable Housing Utility, per N.J.S.A. 40A: 2-45 is as follows:

	<u>2010</u>	2009
Cash Receipts from Fees, Rents or Other Charges for Year	\$663,543.40	\$ 805,189.67
Deductions: Operating and Maintenance Costs Debt Service	148,032.75 412,075.00	262,394.86 439,900.00
Total Deductions	560,107.75	702,294.86
Excess in Revenues	<u>\$103,435.65</u>	\$ <u>102,894.81</u>

Deduction of Self-Liquidating Utility Debt for Statutory Net Debt – Affordable Housing Utility per N.J.S.A. 40A: 2-45

The differences between the excess in revenues for debt statement purposes and the statutory cash basis for the Affordable Housing Utility Fund is as follows:

		2010	<u>2009</u>
Excess	in Revenues - Cash Basis (D-1)	\$103,435.65	\$102,894.81
Add:	Other Deductions to Operations	0.00	0.00
	Excess in Revenue	<u>\$103,435.65</u>	<u>\$102,894.81</u>

The Local Bond Law, Chapter 40A:2 et seq, governs the issuance of bonds to finance municipal capital expenditures. The Township's debt is summarized as follows:

A. <u>Summary of Municipal Debt for Capital Projects</u>

	2010	2009
<u>Issued:</u>		
General: Bonds and Notes Green Trust Program Loans Infrastructure Loan Affordable Housing Utility: Bonds and Notes	\$54,680,000.00 2,857,703.56 8,014,360.36 380,000.00	\$51,925,000.00 3,253,578.75 5,283,160.47 770,000.00

Total Bonds and Notes Issued and Authorized but not Issued	93,161,867.67	87 ,072,203 .97

A. <u>Summary of Municipal Debt for Capital Projects (Cont'd.)</u>

Summarized below are the Township's individual bond and loan issues which were outstanding at December 31, 2009:

	2010	2009
General Debt:		
\$10,685,000, General Improvement Bonds Series 2002, due in annual installments of \$500,000 to \$1,000,000 through September 1, 2017, interest at 3.125% to 3.750%		7,085,000.00
\$9,250,000, General Improvement Bonds Series 2004, due in annual installments of \$400,000 to \$800,000 through May 1, 2019, interest at 4.125% to 4.500%	1,200,000.00	7,000,000.00
\$23,775,000, General Improvement Bonds Series 2006, due in annual installments of \$270,000 to \$1,820,000 through January 1, 2026, interest at 4.125% to 4.500%	21,770,000.00	22,350,000.00
\$6,600,000.00 Bond Anticipation Notes - issued Dec. 22, 2010, due April 1, 2011 interest rate 2.90%.	6,600,000.00	
\$8,000,000, General Improvement Bonds Series 2009, due in annual installments of \$300,000 to \$600,000 through January 1, 2024, interest at 2.50% to 4.555%	7,700,000.00	8,000,000.00
\$8,500,000, General Improvement Refunding Bonds Series 2009, due in annual installments of \$750,000 to \$1,495,000 through September 1 2019, interest at 4.00%	5,995,000.00	7,490,000.00
\$6,185,000, General Improvement Refunding Bonds Series 2010, due in annual installments of \$785,000 to \$950,000 through May 1, 2019, interest at 2.00% to 4.00%	6,185,000.00	
\$5,230,000, General Improvement Refunding Bonds Series 2010, due in annual installments of \$15,000 to \$770,000 through May 1, 2019, interest at 2.00% to 4.00%	5,230,000.00	
Program Loans:		
\$631,500, Poe Property, due in semi-annual installments of \$19,620.35 through Oct. 24, 2016, interest at 2.00%	220,828.58	255,137.24

A. <u>Summary of Municipal Debt for Capital Projects (Cont'd.)</u>

	<u>2010</u>	2009
General Debt (cont'd.):		
\$1,125,000, Weller Property, due in semi-annual installments of \$34,978.05 through July 16, 2018, interest at 2.00%	514,802.46	573,579.37
\$5,625,000.00, Institute Woods, due in semi-annual installments of \$174,890.21 through Jan. 8, 2017, interest at 2.00%	2,122,072.52	2,424,862.14
\$905,000, Infrastructure Water Loan, due in annual installments of \$30,000 to \$70,000 through Nov. 1, 2027, interest at 4.25% to 5.00%	805,000.00	840,000.00
\$889,142, Infrastructure Water Loan - Principal Only, due in semi-annual installments of \$20,783.37 to 45,995.14 through Oct. 23, 2026	729,593.70	776,063.14
\$870,000, Infrastructure Water Loan, due in annual installments of \$30,000 to \$65,000 through Aug. 1, 2027, interest at 4.25% to 5.00%	810,000.00	840,000.00
\$848,221, Infrastructure Water Loan - Principal Only, due in semi-annual installments of \$20,099.89 to 41,874.02 through Aug. 1, 2027	741,826.65	784,500.78
\$1,035,000, Infrastructure Water Loan, due in annual installments of \$35,000 to \$80,000 through Aug. 1, 2028, interest at 5.00%	1,000,000.00	1,035,000.00
\$1,034,227, Infrastructure Water Loan - Principal Only, due in semi-annual installments of \$16,249.08 to 50,209.20 through Aug. 1, 2028	953,667.65	1,007,596.55
\$750,000, Infrastructure Water Loan - due in semi-annual installments of \$16,249.08 to 50,209.20 through Aug. 1, 2028	750,000.00	
\$2,302,317, Infrastructure Water Loan - Principal Only, due in semi-annual installments of \$16,249.08 to 50,209.20 through Aug. 1, 2028	2,224,272.36	
Total General Debt	65,552,063.92	60,461,739.22
Utility Debt:		
\$2,990,000, Refunding Bonds Series 2004, due in annual installments of \$380,000 to \$450,000 through Sept. 1, 2011,		
interest at 4.60%.	380,000.00	770,000.00
Total Utility Debt	380,000.00	770,000.00
Total Debt Issued and Outstanding	\$65,932,063.92	\$61,231,739.22

B. <u>Summary of Statutory Debt Condition - Annual Debt Statement</u>

The summarized statement of debt condition which follows is prepared in accordance with the required method of setting up the Annual Debt Statement and indicates a statutory net debt of:

2010	Gross Debt	<u>Deductions</u>	Net Debt
Local School District Debt Affordable Housing Utility Debt General Debt	\$28,610,880.04 380,000.00 92,781,867.67	\$28,610,880.04 380,000.00 24,939.87	92,756,927.80
	<u>\$121,772,747.71</u>	\$29,015,819.91	\$92,756,927.80
31			

Net Debt \$86,277,027.27 Divided by Equalized Valuation Basis per N.J.S.A. 40A:2-2 as amended \$5,079,127,967.00 = 1.83%

The Township's Borrowing Power Under N.J.S.A. 40A:2-6 as Amended, at June 30, was as follows:

2010

 3 1/2% of Equalized Valuation Basis Municipal
 \$176,089,346.37

 Net Debt
 92,756,927.80

 Remaining Borrowing Power

D. <u>Loan Agreements</u>

1. Department of Environmental Protection Green Trust Program Loans

The Township has contracted with the State of New Jersey, Department of Environmental Protection to fund a portion of the costs incurred in the acquisition of the Larson Tract, Institute Woods, Poe Property and the Weller Property. Information relating to these loans is as follows:

	<u>Loan #1</u>	Loan #2	Loan #3
Drawn down Date	7/8/97	4/24/97	1/16/99
Loan Amount	\$1,406,200.00	\$631,050.00	\$1,125,000.00
Interest Rates	2.00%	2.00%	2.00%
Due Dates	Jan. 8 & July 8	Apr. 24 & Oct. 24	Jan. 16 & Jul. 16
Number of Payments	39	39	39
Final Payment Date Semi-Annual	January 1, 2017	October 24, 2016	July 16, 2018
Payments	\$43,720.80	\$19,620.35	\$34,978.04

2. Department of Environmental Protection Environmental Infrastructure Loans

The Township has contracted with the State of New Jersey, Department of Environmental Protection to fund a portion of the costs incurred for the Sewer Reconstruction and Repair Project. Information relating to these loans is as follows:

	Loan #1	<u>Loan #2</u>
Drawn down Date	8/28/06	8/28/06
Loan Amount	\$905,000.00	\$889,142.00
Interest Rates	Various	Various
Due Dates	Aug. 1 & Feb. 1	Aug. 1 & Feb. 1
Number of Payments	20	20
Final Payment Date	August 1, 2026	August 1, 2026

2. Department of Environmental Protection Environmental Infrastructure Loans (cont'd):

The Township has contracted with the State of New Jersey, Department of Environmental Protection to fund a portion of the costs incurred for the Sewer Reconstruction and Repair Project. Information relating to these loans is as follows:

	<u>Loan #3</u>	<u>Loan #4</u>
Drawn down Date	11/8/07	11/8/07
Loan Amount	\$870,000.00	\$848,221.00
Interest Rates	Various	Various
Due Dates	Aug. 1 & Feb. 1	Aug. 1 & Feb. 1
Number of Payments	20	20
Final Payment Date	August 1, 2027	August 1, 2027

Pursuant to the provisions of N.J.S.A. 40A: 2-1 et seq. the combined outstanding principle of these loans has been included in the calculation of the Township's statutory debt condition.

The Township has contracted with the State of New Jersey, Department of Environmental Protection to fund a portion of the costs incurred for the Sewer Reconstruction and Repair Project. Information relating to these loans is as follows:

	<u>Loan #5</u>	<u>Loan #6</u>
Drawn down Date	8/1/08	8/1/08
Loan Amount	\$1,035,000.00	\$1,034,227.00
Interest Rates	Various	Various
Due Dates	Aug. 1 & Feb. 1	Aug. 1 & Feb. 1
Number of Payments	20	20
Final Payment Date	August 1, 2028	August 1, 2028

Pursuant to the provisions of N.J.S.A. 40A: 2-1 et seq. the combined outstanding principle of these loans has been included in the calculation of the Township's statutory debt condition.

The Township has contracted with the State of New Jersey, Department of Environmental Protection to fund a portion of the costs incurred for the Sewer Reconstruction and Repair Project. Information relating to these loans is as follows:

	Loan #7	<u>Loan #8</u>
Drawn down Date	3/10/10	3/10/10
Loan Amount	\$750,000.00	\$2,302,317
Interest Rates	Various	Various
Due Dates	Aug. 1 & Feb. 1	Aug. 1 & Feb. 1
Number of Payments	19	19
Final Payment Date	August 1, 2029	August 1, 2029

Pursuant to the provisions of N.J.S.A. 40A: 2-1 et seq. the combined outstanding principle of these loans has been included in the calculation of the Township's statutory debt condition.

Note 4: FUND BALANCES APPROPRIATED

Fund balances at December 31, which were appropriated and included as anticipated revenue in their own respective funds for the succeeding years were as follows:

	Balance December 31, 2010	Utilized in 2011 Budget	Balance December 31, 2009	Utilized in 2010 Budget
Current Fund Affordable	\$7,312,446.47	\$4,125,000.00	\$4,523,218.06	\$4,125,000.00
Housing Operating Fund	130,668.81	122,000.00	151,992.66	124,759.50

Note 5: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2010, the following deferred charges are shown on the balance sheets of the various funds.

	Balance	Raised in	Balance	Balance to
	Dec. 31, 2009	2010 Budget	Dec. 31, 2010	Succeeding Budgets
Current Fund: Emergency Appropr.	\$440,000.00	\$110,000.00	\$330,000.00	\$330,000.00
Grant Fund: Expend. W/O Approp.	2,040.93	2,040,93	0.00	
Total	\$ <u>442,040.93</u>	<u>\$112,040.93</u>	\$330,000.00	\$ <u>330,000.00</u>

Note 6: DEPOSITS AND INVESTMENTS

State statutes set forth deposit requirements and investments that may be purchased by local units and the Township deposits and invests its funds pursuant to its policies and an adopted cash management plan.

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits to protect deposits from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five (5) percent of the average daily balance of collected public funds; or if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent, to secure the deposits of governmental units.

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less that \$25,000,000. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

At December 31, 2010 and 2009, the cash and cash equivalents and investments of the Township on deposit and on-hand consisted of the following:

	<u>2010</u>	2009
Cash (Demand Accts.) Cash Management Fund Petty Cash (On-Hand)	\$26,062,126.44 217,619.16 <u>575.00</u>	\$20,575,282.60 217,068.69 <u>575.00</u>
	\$ <u>26,280,320.60</u>	\$ <u>20,792,926.29</u>

Based upon GASB criteria, the Township considers change funds, cash in banks, investments in short-term certificates of deposit and State of New Jersey Cash Management Fund as cash and cash equivalents. At year-end, the carrying amount of the Township's deposits was \$26,561,299.90 and the bank balance was \$26,279,745.60. Of the bank balance, \$1,001,838.97 was covered by Federal depository insurance and \$25,060,287.47 was covered under the provisions of NJGUDPA.

At December 31, 2010, the Township has implemented the disclosure requirements of Governmental Accounting Standards Board Statement No. 40 "Deposits and Investment Risk Disclosures" (GASB 40) and accordingly the Township has assessed the Custodial Risk, the Concentration of Credit Risk and Interest Rate Risk of its cash and investments.

- (a) Custodial Credit Risk The Township's deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are: uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but no in the depositor-governments name. The deposit risk is that, in the event of the failure of a depository financial institution, the Township will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The Township's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Township and are held by either: the counterparty or the counterparty's trust department or agent but not in the Township's name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the Township will not be able to recover the value of the investment or collateral securities that in possession of an outside party.
- (b) Concentration of Credit Risk This is the risk associated with the amount of investments that Township has with any one issuer that exceeds 5 percent or more of its total investments. Investment issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

- (c) Credit Risk GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Township does not have an investment policy regarding Credit Risk except to the extent outlined under the Township's investment policy. The New Jersey Cash Management Fund is not rated.
- (d) Interest Rate Risk This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations.

As of December 31, 2010, based upon the insured balances provided by the FDIC and NJGUDPA coverage, no amounts of the Township's bank balance was considered exposed to custodial credit risk.

Investments

New Jersey statutes establish the following securities as eligible for the investment of Township funds:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States;
- 2. Government money market mutual funds;
- Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act
 of Congress, which security has a maturity date not greater than 397 days from the date of
 purchase, provided such obligation bear a fixed rate of interest not dependent on any index or
 other external factor;
- 4. Bonds or other obligations of the Township or bonds or other obligations of school districts of which the Township is a part and within which the school district is located;
- 5. Bonds or other obligations having a maturity date of not more than 397 days from the date of purchase that are approved by the Division of Investment of the Department of Treasury for investment by local units;
- 6. Local government investment pools;
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1997, c. 281 (C.52:18A-90.4); or
- 8. Agreements for the repurchase of fully collateralized securities, if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3);
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is more than 30 days; and
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C.19:9-41) and for which a master repurchase agreement providing for the custody and security of the collateral is executed.

Note 6: DEPOSITS AND INVESTMENTS (CONT'D.)

New Jersey Cash Management Fund – All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other Than State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis. As of December 31, 2010, the Township had \$217,619.16 on deposit with the New Jersey Cash Management Fund. Based upon the existing deposit and investment practices, the Township is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risks for its investments nor is it exposed to foreign currency risks for its deposits and investments.

Note 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Regional School District and County, the tax rate is struck by the board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector on or before May 13th.

Tax bills are prepared and mailed by the Collector of Taxes of the Township annually and set forth the final tax for the tax year. The bills contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition, the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The New Jersey statutes allow a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% to 18% of the amount delinquent, and if a delinquency (including interest) is in excess of \$10,000.00 and remains in arrears after December 31, an additional flat penalty of 6% may be charged against the delinquency. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount dues is not known.

Note 8: PENSION AND RETIREMENT PLANS

Employees of the Township of Princeton are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). The Division of Pensions in the Department of Treasury, State of New Jersey, administers the PERS and PFRS plans. The plans are funded annually based on the projected benefit method with aggregate level normal cost and frozen initial unfunded accrued liability. The plans, which cover public employees throughout the state, do not maintain separate records for each reporting unit and, accordingly, the actuarial data for the employees of the Township who are members of the plans are not available. The contributions for the years ended December 31, 2010 and 2009, exclusive of contributions from employees were \$533,368.00 and \$511,272.00, respectively for PERS and \$775,211.00 and \$822,231.00 respectively for PFRS. The contributions for PERS and PFRS for 2011 are \$671,656.00 and \$942,985.00 respectively.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. These financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Note 9: POSTEMPLOYMENT BENEFIT PLANS OTHER THAN PENSION PLANS – HEALTH CARE BENEFITS

The Township provides health benefits through its group insurance plan to certain retirees and their dependents, as follows:

The former employer assumes the cost if the retired employee meets certain requirements. The Plan Sponsor has agreed to pay retiree coverage if:

- 1. he or she has 25 or more years of continuous service with the Township of Princeton; or
- 2. Township Police Officers qualify with 20 years of Township service if he or she has 25 years or more in PFRS.

At December 31, 2010 and 2009, approximately 29 retirees were receiving non-contributory health coverage benefits at an estimated annual cost to the Township of approximately \$750,000 and \$740,000, respectively.

This is the second year the Township is disclosing its postemployment healthcare plan benefit costs based upon the implementation requirements of GASB Statement 45.

The contribution requirements of plan members and the participating agencies are established and may be amended by the through the collective bargaining process or by action of the Mayor and/or Township Council. The Township's annual postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the Township's annual OPEB cost for the year, any amounts contributed to the plan and the Township's net OPEB obligation. For 2010 and 2009, the Township's annual OPEB cost (expense) (GAAP Basis) of \$750,000 and \$740,000 respectively was equal to the ARC.

	2010 Total	2009 Total
Net OPEB Obligation – beginning of year	\$580,000	\$0
Annual required contribution (ARC)	750,000	740,000
Interest on Net OPEB Obligation	30,000	<u>0</u>
Adjustment to the ARC	(30,000)	<u>0</u>
Annual OPEB Cost	750,000	740,000
Less: Contributions	<u>180,000</u>	<u>160,000</u>
Net OPEB obligation - end of year	\$1,150,000	\$580,000

Under the regulatory basis of accounting utilized by the Township financial statement recognition of the ARC and Net OPEB obligation is not required and these amounts are not reflected in the reported expenditures and liabilities at December 31, 2010 and 2009.

Note 9: POSTEMPLOYMENT BENEFIT PLANS OTHER THAN PENSION PLANS – HEALTH CARE BENEFITS (CONT'D.)

The funded status of the plan for the Township as of January 1, 2010, is as follows:

Actuarial accrued liability (AAL) Actuarial value of plan assets	<u>Total</u> \$6,680,000 - 0 -
Unfunded actuarial accrued liability (UAAL) Funded ratio (actuarial value of plan	<u>\$6,680,000</u>
assets/AAL)	0.00%
Covered payroll (active plan members)	\$8,590,000
UAAL as a percentage of covered payroll	78%

The projection of future benefits for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health-care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presented as required supplementary information following the notes to the financial statements, presents trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2010 actuarial valuation, the projected unit credit method was used. A rate of 4.50% was utilized as the discount rate and the amount of increase in the normal cost amount. The unfunded accrued liability is being amortized as a level dollar amount using an open period of thirty (30) years.

Note 10: ACCRUED SICK AND VACATION BENEFITS

The Township of Princeton has adopted a written Policy and Procedure Manual which sets forth the terms under which an employee may accumulate unused benefits. General Policy is as follows:

<u>Sick Leave</u> – Sick leave for full-time permanent employees accumulates one sick day for each month of work completed. Any paid sick days advanced during the four-month probationary period mush be reimbursed if the employee leaves Township service. All regular part-time employees will be credited with paid sick leave on a pro-rated basis. A part-time employee's sick leave may be recalculated in the event of a schedule change. Unused portions of this annually renewed paid sick leave will not be carried over into subsequent calendar years. No additional days will be credited.

Note 10: ACCRUED SICK AND VACATION BENEFITS (CONT'D):

<u>Vacations</u> — Vacation pay for permanent employees is accumulated in accordance with the approved schedules for their respective units. Ordinarily, vacation leave shall be used during the year in which it accrues. However, under extraordinary circumstances employees may accrue unused vacation leave toward the next calendar year upon approval of the Administrator. On December 31 of any calendar year, the aggregate of such unused leave accruing from all previous years shall not exceed five (5) days in the case of nonexempt employees, or thirty (30) days in the case of exempt employees. Accrued time in excess of such limits shall be forfeited. An exempt employee may benefit from no more than ten (10) days of such accumulated leave in any calendar year. However, during the calendar year in which retirement occurs, all accrued vacation may be taken.

The total balance of unused vacation and terminal leave time benefits for 2010 and 2009 was \$1,039,692.17 and \$1,107,555.75 respectively. On those dates, the Township had funded \$387,519.30 and \$387,519.30 of those amounts, respectively.

Note 11: LEASES

The Township of Princeton has entered into an operating lease with Neopost Inc. on June 29, 2010 for a postage machine. The lease is for forty-eight (48) months with a monthly payment of \$690.00 for the first twelve (12) months and \$770.00 for the remaining thirty-six (6) months. The operating lease expenditures are charged to the current fund budget. The total charges for each year is as follows:

<u>Year</u>	Amount
2011 2012 2013 2014 2015	\$4,140 8,760 9,240 9,240 <u>4,620</u>
	\$ <u>36,000</u>

Note 12: RISK MANAGEMENT

The Township, together with other governmental units, is a member of the Mid Jersey Joint Insurance Fund (the Fund). The Fund, which is organized and operated pursuant to the regulatory authority of the Department of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. Payments to the Fund are calculated by the Fund's governing board based upon actuarial and budgetary requirements. Each participant in the Fund is jointly and severably obligated for any deficiency in the amount available to pay all claims. The Joint Insurance Fund insures against property damage, general liability, auto liability, equipment liability, public official liability, law enforcement liability and workers compensation. While additional assessments or premiums can be levied by the Fund to assure payment of the Fund's obligations, no such additional premiums have been necessary as of December 31, 2008. The Fund will be self-sustaining through member premiums, reported as an expenditure in the Township's financial statements. The Fund contracts for excess liability insurance for property damage, general liability, auto liability, equipment liability, public official liability, law enforcement liability and worker's compensation. The Township continues to carry commercial insurance for other risks of loss, principally employee health insurance.

The Mid Jersey Joint Insurance Fund (the Fund) issues publicly available financial reports that include the financial statements and required supplementary information for insurance coverage for participants in the Fund. These financial reports may be obtained by writing Mid Jersey Municipal JIF, c/o Risk and Loss Managers, 51 Everett Drive, Suite B-40, West Windsor, NJ 08550-5374.

New Jersey Unemployment Compensation Insurance – The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. Following is a summary of Township appropriations, interest earning and remittances to the State for the current and prior year:

<u>Year</u>	Employee Contribution	Interest <u>Earnings</u>	Amounts Reimbursed	Ending Balance
2010	\$2,394.29	\$125.25	\$54,908.20	\$23,907.06
2009	2,476.90	302.01	59,786.06	51,295.72
2008	2,161.85	2,324.57	14,176.00	83,261.63

Note 13: COMMITMENTS AND CONTINGENCIES

The Township participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2010, the Township does not believe that any material liabilities will result from such audits.

As of the date of this report, the Township was not involved in any pending or threatened litigation nor any unasserted claims or assessments that would be of a material nature.

Note 14: DEFERRED COMPENSATION

The Township has instituted a Deferred Compensation Plan pursuant to section 457 of the Internal Revenue Code and P.L. 1977, C. 381; P.L. 1978, C. 39; P.L. 1980, C. 78; and P.L. 1997, C. 116 of the Statutes of New Jersey. The plan, available to all Township employees, permits them to defer a portion of their salaries until future years. The deferred compensation is not available to employees until termination, retirement, disability or severe financial hardship.

The Township, by resolution, amended its program for deferred compensation for sponsored employees. The assets of the plan shall be held in trust under the beneficial ownership of the trustee, with the members of the Township committee serving as trustee, for the exclusive benefit of the plan participants and their beneficiaries, and the assets shall not be diverted to any other purposes.

All investments for the plans are administered by the Lincoln National Life Insurance Company.

The plan administrator shall invest in one or more of the eligible investments under N.J.A.C. 5:37-9.2, which are as follows:

- 1. Interest-and dividend-bearing securities in which savings banks of New Jersey are authorized to invest their funds;
- Interest-bearing accounts;
- 3. State of New Jersey Cash Management Fund;
- Individual or group annuity programs, whether fixed or variable;
- 5. Mutual funds; and/or
- Life insurance contracts, whether fixed or variable.

Note 15: INTERFUNDS

The following interfund balances remained on the balance sheet at December 31, 2010:

Fund:	Interfund <u>Receivables</u>	Interfund <u>Payables</u>
Current Fund	\$32,801.24	\$0.00
Grant Fund		511,692.00
General Capital Fund	987,692.00	
Trust Other Fund	·	226,000.00
Open Space Fund		257,755.94
Affordable Hsg. Oper. Fund		45.30
Payroll Trust	0.00	25,000.00
Total	\$ <u>1,020,493.24</u>	\$ <u>1,020,493.24</u>

These interfund balances are not an indication that the respective fund cannot meet its obligation. The interfund amounts are reflective of year-end closing journals and adjustments. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Transfers are used to (1) move revenues from the funds New Jersey Statute or budget requires to collect to fund the appropriation and the statute or budget to expend them.

Note 16: SUBSEQUENT EVENTS

During the period subsequent to the balance date, through the date of the auditor's report, the Township has authorized capital improvement projects, which provide for the issuance of bonds and notes to finance the costs thereof, as follows:

<u>Project</u>	Bonds/Notes Authorized
Installation of New Pool	\$1,950,825.00
Various Capital Improvements	2,189,200
Roof for Mountain Lakes House	28,500.00
Curbing Westerly Road	47,500.00
Sewer Laterals Westerly Road	84,075.00
Sidewalk Hillside Avenue	22,800.00
Various Capital Improvements	1,071,196

The Township of Princeton issued General Improvement Bonds dated March 10, 2011 in the amount of \$6,600,000.00. The bonds are due annually on September 1 for years 2011 thru 2022 at various interest rates.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the Township Committee Township of Princeton County of Mercer, New Jersey

We have audited the financial statements of the Township of Princeton as of and for the year ended December 31, 2010, and have issued our report thereon dated August 2, 2011. The Township of Princeton prepares its financial statements in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our report expressed an unqualified opinion on the conformity of the financial statements with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our report also expressed a modified opinion on the conformity of the financial statements to accounting principles generally accepted in the United States of America, due to differences between those principles and the prescribed regulatory basis, which is more fully described in Note 2. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Princeton's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Princeton's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township of Princeton's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Princeton's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u> and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

We noted certain matters, including matters of control deficiencies, which we reported to the Township in the General Comments section of this report.

This report is intended solely for the information and use of the Mayor and Township Committee, management, Division of Local Government Services and state awarding agencies and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

Honorable Mayor and Members of the Township Committee Township of Princeton County of Mercer, New Jersey

Compliance

We have audited the compliance of the Township of Princeton, New Jersey with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey Compliance Manual State Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended December 31, 2010. The Township of Princeton's major federal and state programs are identified in the Summary of Auditor's Results Section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the Township of Princeton's management. Our responsibility is to express an opinion on the Township of Princeton's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 04-04. Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township of Princeton's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township of Princeton's compliance with those requirements.

In our opinion, the Township of Princeton complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of the Township of Princeton is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Township of Princeton's internal control over compliance with the requirements that could have a direct and material effect on a major federal and state programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular OMB A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Township of Princeton's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material non compliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weakness, as defined above.

This report is intended solely for the information and use of the Mayor and Members of the Township Committee, management, the Division of Local Government Services and federal and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

COMPARATIVE SCHEDULE OF TAX RATE INFORMATION

	<u>2010</u>	2009	2008
Tax Rate:	<u>1.94</u>	3.63	<u>3.57</u>
Apportionment of Tax Rate:			
Municipal:	0.49	0.91	0.88
County:	0.55	1.01	0.99
Regional School:	0.90	<u>1.70</u>	<u>1.70</u>
Assessed Valuation:			
2010	\$4,709,037,436,00		
2009		\$2,438,623,271.00	
2008			\$2,426,146,656.00

COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

		CURRENTLY	
			Percentage
		Cash	of
Year	Tax Levy	Collections	Collection
2010	\$91,571,655.09	\$89,927,273.72	98.20%
2009	88,824,374.11	87,777,918.83	98.82%
2008	87,085,428.93	86,255,519.94	99.05%

DELINQUENT TAXES AND TAX TITLE LIENS

This tabulation includes a comparison, expressed in percentage, of the total of delinquent taxes and tax title liens, in relation to the tax levies of the last three years.

<u>Year</u>	Amount of Tax Title Liens	Amount of Delinquent Taxes	Total Delinquent	Percentage of <u>Tax Levy</u>
2010	\$128,753.17	\$1,002,615.99	\$1,131,369.16	1.24%
2009 2008	107,976.29 69,666.10	869,356.57 829,908.99	977,332.86 899,575.09	1.10% 1.03%

PROPERTY ACQUIRED BY TAX TITLE LIEN LIQUIDATION

The value of property acquired by liquidation of tax title lines on December 31, the basis of the last assessed valuation of such properties was as follows:

<u>Year</u>	<u>Amount</u>
2010	\$430,800.00
2009	137,000.00
2008	70,000.00

OFFICIALS IN OFFICE AND SURETY BONDS

The following officials were in office during the period under audit in 2010:

AMOUNT OF BOND							nt Search Officer		ar, Treasurer	\$1,000,000.00			1,000,000.00	1,000,000.00	1,000,000.00
TITLE	Mayor	Deputy Mayor	Committeeperson	Committeeperson	Committeeperson	Administrator	Township Clerk and Improvement Search Officer	Tax Assessor	Tax Collector, Tax Search Officer, Treasurer	and Chief Financial Officer	Municipal Attorney	Township Engineer	Muncipal Judge	Court Administrator	Deputy Court Administrator
NAME	Bernard P. Miller	Chad Goerner	Lance Liverman	Liz Lempert	G. Susan Nemeth	James J. Pascale	Linda S. McDermott	Neal Snyder	Kathryn Monzo		Edwin W. Schmierer	Robert V. Kiser	Bonnie Goldman	Corinne Sliker-Monda	Jaime Johnson

All other employees were covered under a Public Employees Blanket Bond issued by the Joint Insurance Fund.

All surety bonds in effect were examined or verified.

TOWNSHIP OF PRINCETON COUNTY OF MERCER, NEW JERSEY FOR YEAR ENDED DECEMBER 31, 2010

GENERAL COMMENTS

An audit of the financial accounts and transactions of the Township of Princeton, County of Mercer, New Jersey, for the year ended December 31, 2010, has been completed. The General Comments are herewith set forth:

Scope of Audit

The audit covered the financial transactions of the Finance Department and the other various offices and departments collecting fees within the Township of Princeton, County of Mercer, New Jersey.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the Governing Body. Cash on hand was counted and cash and investment balances were reconciled with independent certifications obtained directly from the depositories. Revenues and receipts were established and verified as to source and amount insofar as the records permitted.

INTERNAL CONTROL MATTERS

In planning and performing our audit of the financial statements of the Township of Princeton, County of Mercer, New Jersey as of and for the fiscal year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Township's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

With respect to the reporting of internal control matters, standards require that only a significant deficiency and/or a material weakness need be reported in writing to management and those charged with governance.

The control deficiencies reported are not considered to be significant deficiencies nor material weaknesses. In addition, these control deficiencies are not required to be reported in writing, however, control deficiencies are presented to management and those charged with governance in this report as a means to present those matters identified in the review of the Township's internal controls and as a means to inform management and those charged with governance as to the auditing standards requirements with respect to internal controls.

As indicated below, we identified certain deficiencies in internal control that we consider to be control deficiencies.

Control Deficiencies

2010-1. Segregation of Duties

Conditions exist whereby the same person may collect, record and deposit cash receipts in the following offices – Municipal Clerk, Municipal Court, Engineering, Police Records Clerk, Corner House, Planning, Zoning and Construction Code.

The deficiencies in internal control were not considered by us to be a significant deficiencies. While basic internal control design objectives include the limiting of any individual's control over a transaction from start to finish, the volume of transactions in the various offices does not justify the hiring of additional staff solely to improve internal control. Instead, we suggest that monitoring controls, including analytical procedures and intra-period comparisons, be utilized to identify unexpected changes in transactional levels for further review.

OTHER MATTERS

Contracts and Agreements Required to be Advertised Per N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3, of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided other wise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$17,500.00 except by contract or agreement."

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will the bid threshold within the fiscal year. The bid threshold is \$29,000.00 if the purchasing agent is qualified pursuant to subsection b of section 9 of P.L. 1971, c. 198(C.40A:11-9). The bid threshold for a non-qualified purchasing agent is \$21,000.00. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

Contracts and Agreements Required to be Advertised Per N.J.S.A. 40A:11-4 (cont'd)

The minutes indicate that bids were requested by public advertising for the following items:

Materials and Supplies:

Road materials; trees; shrubs

Equipment:

Two heavy duty refuse vehicles

Contracts:

Deer Management; building cleaning

State Approved Contracts for the Following Purchases:

Office Furniture; Computers; oil

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

Any interpretation as to possible violation of N.J.S.A. 40A:11-4 and N.J.A.C. 5:30-14 would be in the province of the municipal solicitor.

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the underpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted a resolution pursuant to the provisions of R.S. 54:4-67, fixing the rate delinquent taxes or assessments at 8% per annum on the first \$1,500 of the delinquency and 18% per annum to be charged on any amount in excess of \$1,500. In addition, any delinquent taxes outstanding related to a previous calendar year in excess of \$10,000.00 incurs a 6% surcharge.

An examination of the Collector's records indicated that interest on delinquent accounts was calculated in accordance with the foregoing resolution.

Interfund Balances

The following interfunds appear on the various balance sheets and should be cleared by cash transfers where practicable:

	Interfund <u>Receivables</u>	Interfund Payables
Current Fund	\$32,801.24	\$0.00
Grant Fund		511,692.00
General Capital Fund	987,692.00	·
Trust Other Fund	·	226,000.00
Open Space Trust Fund		257,755.94
Affordable Hsg. Oper. Fund		45.30
Payroll Trust	0.00	25,000.00
Total	\$ <u>1,020,493.24</u>	\$1,020,493.24

Transactions invariably occur in one fund, which require a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets shows the interfund balances remaining at year-end. As a general rule all interfund balances should be closed at the end of the year. However, our examination of the interfund balances at year end indicated that the balances exist as a matter of convenience for transactional processing, and do not indicate any underlying problems relating to cash flows or operating results.

Investment of Funds

The chief financial officer had most of the funds of the Township invested in the interest-bearing investments or accounts from January 1, 2010 to December 31, 2010. Earnings from the investments are shown as revenue in the various accounts of the Township as of December 31, 2010. The investment program instituted by the financial officer was complete with minimal balances remaining on demand accounts. This policy complied with N.J.S.A. 40A:5-14 in all respects.

Payment of Claims

Claims were examined on a test basis for the year under review and they were found to be in generally good order, with only minor exceptions noted relating to missing certifications and approval signatures.

Purchase Order and Encumbrance System

The Township utilized a purchase order system for its expenditures in connection with its budgetary accounting system during the year under review. The accounting is processed on a data processing system for budgetary control. Transactions are approved based on availability of funds.

Test of Salaries

As part of our audit we tested salaries paid by the Township for compliance with salary ordinances approved by the governing body and collective bargaining agreements where applicable. Salary payments were in accordance with the governing documents for all items in the test population.

Municipal Court

The financial records maintained by the Municipal Court during the period under review were found to be in good condition. The examination of the general account indicated that deposits were properly recorded and spread by receipt category, cash was reconciled monthly and disbursements were made to the appropriate agencies on a timely basis. The examination of the bail account's financial and supporting records maintained by the Municipal Court was found to be in good condition.

The processing of traffic and criminal cases entered on the State's on-line computer system was found to be good.

Administration and Accounting for State & Federal Grants

The Township operated various programs during 2010, which were funded in whole or in part by State or Federal grant assistance. These programs often vary as to the application and approval process; matching funds requirements, grant periods, required approvals for modification of budgets and the timing and frequency of financial reporting. A separate grant fund was maintained to allow for the separate recording of grant activity. The examination of these grant programs indicated that the Township had expended grant funds during 2010 for the purpose authorized and monitoring procedures appeared adequate to assure that grant objectives were met.

Public Assistance Trust Fund

The financial records maintained by the Public Assistance Administrator for the Public Assistance Trust Fund during the period under review were found to be in good condition. The examination of the account indicated that deposits were properly recorded, cash was reconciled monthly and disbursements were made to the appropriate client on a timely basis.

Condition of Records - Tax Office

The records maintained by the Tax Collector were found to be in good condition. Computerized real estate tax billings and billing adjustments were found to be in good order. Cash collections were in proof with deposit totals as presented. Similarly, computerized records of utility billings and collections were found to be in good order.

Surety Bonds

The "List of Officials", included as part of the Supplementary Data section of this report, discloses the status of surety bond coverage's in effect at December 31, 2010 and during the year then ended.

During July 1998 the Local Finance Board completed a readopting of the Board's general rules in the New Jersey Administrative Code. Based upon the new provisions of N.J.A.C. 5:30-8.3 and 8.4, local units are encouraged to utilize new recommended amounts in lieu of the minimum amounts in order to provide a higher level of security of public funds. We suggest the Township review these revised regulations and determine their applicability.

Trust Assessment Fund

Prospective Assessments funded and unconfirmed amounted to \$8,325.00 at December 31, 2010. Bonds were sold as general improvement bonds rather than assessment bonds in 2006 and 2008. During 2010 assessments were confirmed for many of the projects that had been completed. The receipts from these confirmed assessments should be used to offset the amount of debt issued for completion of the projects. Amounts received are recorded as fund balance in the assessment trust fund and then realized as revenue in the following year. The amounts that should be realized as revenue in the current fund for the next two years are \$100,000 and \$121,000.

Affordable Housing Fund

The results of operation for the Affordable Housing Utility Fund is set forth in Exhibit – D-1 of this report. Realized revenues amounted to \$663,543.40 and expenditures amounted to \$560,107.75 resulting in excess revenues of \$103,435.65. The calculation for "Self-Liquidating Purpose" utility operations per N.J.S.A. 40A:2-45 resulted in statutory excess for debt statement purposes of \$103,435.65, which allows for the total deduction of Affordable Housing Utility Debt in the calculation of the statutory net debt of the Township at December 31, 2010. A reconciliation of the excess revenues from operations (D-1) and the excess of revenues for debt statement purposes is included in Note 3 to the financial statements.

Compliance with N.J.A.C 5:30

The Local Finance Board, State of New Jersey, adopted the following requirements, previously identified as "technical accounting directives", as codified in the New Jersey Administration Code as follows:

N.J.A.C. 5:30 - 5.2 - Encumbrance Accounting: This directive requires the development and implementation of accounting systems which can reflect the commitment of funds at the point of commitment. Findings are disclosed under the Reportable Conditions section of the General Comments under Internal Control Over Financial Reporting Matters, part B. Encumbrance Accounting System.

NJ.A.C. 5:30 - 5.6 - Fixed Asset Accounting: This directive requires the development and implementation of accounting systems which assign values to covered assets and can track additions, retirements and transfers of inventoried assets. The Township is in compliance with this directive.

NJ.A.C. 5:30 - 5.7 - General Ledger Accounting System: This directive requires the establishment and maintenance of a general ledger for, as least, the Current Fund. The Township is in compliance with this directive.

Compliance with Local Finance Notices

Local Finance Notice (LFN) No. 92-15 requires that the Township prepare and file a corrective action plan in accordance with the approved schedule. The corrective action plan was prepared and filed on a timely basis.

In accordance with Local Finance Notice No. CFO-10, Uniform Construction Code, expenditure records were tested for compliance with N.J.A.C. 5:23.17(c)2, and no exceptions were noted.

RECOMMENDATIONS

None

* * * * * * * * * *

ACKNOWLEDGMENT

The problems and weaknesses noted in our audit were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments or recommendations or should you desire assistance in implementing our recommendations, please do not hesitate to contact us.

During the course of our engagement we received the complete cooperation of the various officials of the Township, and the courtesies extended to us were greatly appreciated.

Respectfully submitted,

HODULIK & MORRISON, P.A.

Robert S. Morrison
