

INFORMATION ABOUT FREE TRANSPORTATION TO THE HOSPITAL

A notice for neighbors who live 1/2 mile or less from 253 Witherspoon Street, Princeton

As of September 1, 2015, NJ Transit will discontinue its 655 bus service.

We recognize that some of our patients used to walk to the former hospital when it was located in Princeton and we want to ensure that they have access to the care they need at the new hospital.

As of August 24, 2015, if you do not have a car or access to someone who can drive you to Plainsboro, but you have an appointment or need non-emergency care at the University Medical Center of Princeton at Plainsboro (UMCPP) campus, the hospital will provide a free door-to-door transportation service. This transportation service is available Monday through Friday, the first pick-up will be at 7:30 a.m. and the last pick-up will be at 6 p.m. It will also be available on Saturday morning when the clinic is open.

Patients who live in the designated area (mentioned above) and have no transportation to the hospital, the Bristol-Myers Squibb Community Health Center (the clinic) or the Medical Arts Pavilion should call at least 24 hours in advance. Your pick-up time will be at least 30 minutes before you need to be at the hospital campus. The number to call is 609.853.6200 and bilingual staff members will be available to take the calls. The transportation phone line is open on weekdays from 8 a.m. to 4:30 p.m. and on two Saturdays each month from 9 a.m. to 12 noon. When you call, we will ask you for your name, address, appointment time or reason for coming and whether you need a car seat. We will also confirm that you have no other means of transportation.

Anyone experiencing an emergency should call 911.
